Fund Performance Summary

- The Fund has purchased 40 new Loan Investments during the month, for a total purchase price of \$549,438.66.
- The Fund's Loan Investments currently comprise 98.67% of the Fund's assets, with 1.33% of the Fund's assets currently being held in cash deposits and other receivables.
- The current Loan Investment Loss Rate (LILR)⁴ is 3.50%, which is unchanged from the previous Fund Report.
- The Fund's return for the month was 0.62%.⁵
- The distribution to investors for the month was 0.6167 cents per unit.
- For Delinquent Loan Investment sold by the Fund – full principal amount was recovered through provision of funds in the Loan Investment Reserve Account. The loss incurred relates to the interest component of the loan.

¹The Fund's unit price is the net asset value (NAV) per unit. The NAV is calculated using the gross assets less liabilities (including fees, costs and the provision of distributions payable), Fund asset values have been calculated using unaudited data for the month being reported.

²Unaudited performance – net returns are calculated using the current NAV plus the monthly provision for distribution as a percentage of the prior month ex-NAV and assumes reinvestment of income. Past performance is not a reliable indicator of future performance. Prospective investors should obtain and read a copy of the product disclosure statement (PDS) for the Fund before deciding whether to invest in the Fund. The total net fund returns shown are prepared on the net asset value unit price (i.e. after taking account of ongoing fees and expenses). They do not take your personal taxation into account.

³Fund inception date was 13 May 2015.

⁴This is the expected rate of loan losses on all Loan Investments held by the Fund.

⁵Net of fees and expenses but before tax.
